COMMENTS FROM THE TOWN MANAGER'S OFFICE

The street and road tarring began last Thursday and the weather has been perfect. The work has progressed very well and another week with the same conditions should finish things up. Although the weather has been ideal for tarring, everything is very dry and extreme caution should be taken with outdoor fires. The water is very low in most places and a fire could result in a major loss.

Word has been received from the State Highway Commission that the town of Bethel has \$5,966.61 available for town road improvement for 1963. This is about the same amount the town has had the last few years. The selection of the road or roads to be rebuilt this year has not been made at this time. The selection will be made soon and the work should begin shortly after the tarring is finished.

The lien forms for the 1962 real estate have been made out and will be recorded at the registry of deeds on Friday, June 28. It appears that the number of liens will be about the same as last year. Exact count can not be made until after Friday.

Mrs. Blake will be on vacation next week and the office will be closed at noon. Except for the noon closing the office will be open the regular hours.

ANNOUNCE BETHEL'S ZIP CODE — TO IMPROVE POSTAL SERVICE

Acting Postmaster Barlon Paine announced today that the Bethel Post Office five-digit Zip Code is 04217. Everyone in Bethel will use this Zip Code on all their correspondence to speed mail deliveries and reduce the chance of mis-sent mail.

Zip Code, the Post Office Department's revolutionary new system of improved mail dispatch and delivery, goes into effect nationally on July 1st.

Acting Postmaster Paine stressed the importance of all citizens of Bethel learning the local Post Office's Zip Code and using it in their return address on all correspondence. In answering mail, Zip Codes taken from return addresses on incoming mail should be used.

The Zip Code should follow the city and state in addresses, such as:

(Your Name)
(Street)
Bethel, Maine 04217
(City) (State) Zip Code No.

For patrons of the West Bethel Post Office, Postmaster Paul Head has announced that the Zip Code number for that Office is 04256.

LOCAL METHODISTS RECEIVE NEW PASTOR

The Rev. Donald F. Hess and family moved to Bethel recently where he has assumed leadership as pastor of the Methodist Church.

Formerly Mr. Hess served as pastor of the Methodist churches of Ulster and Milan, Pa. and Locke, N. Y. Beginning this fall he will begin studies at the Boston University School of Theology where he is a candidate for a Bachelor's Degree in Sacred Theology.

Prior to entering the ministry Mr. Hess served as a Chaplain's Assistant in the 101st Airborne Division of the U. S. Army in Fort Campbell, Ky. He has also served as a Boy Scoutmaster and a coach for Little League baseball. He received a B. S. Degree in Secondary Education from Mansfield State College in Mansfield, Pa., his home town.

Mr. Hess, his wife June, son Donald Jr., and daughter Janet Ellen, are residing at the Methodist Parsonage, Mason Street.

Mr. and Mrs. Richard Angvine and son, Ricky, of Shaw's Ridge Farm, Sanford, spent their vacation this week at the home of his parents, Mr. and Mrs. Ernest Angvine. They, accompanied by Mrs. Angvine, Barbara and Judy, enjoyed a trip to Quebec City the first of the week.

LEGISLATURE VOTES MONEY FOR PARK

The Maine Legislature recently appropriated money to acquire land in the area of Screw Anger Falls for a state park.

SUNDAY RIVER SKIWAY PLANS NOVICE AREA, NEW T-BAR LIFT

Stockholders of the Sunday River Skiway Corporation recently voted to install a novice ski area and T-bar lift which will cover approximately 37 acres of land at a cost of some \$48,000.

Construction is to begin immediately and Sunday River officials say the area, completely separate from the present layout, will be open for skiing next season.

Land is to be purchased from Stuart Cross, et als, and the Bethel Area Development Corporation.

The new area will include a T-bar lift spanning approximately 2,600 feet. Slope percentage will be about 18 per cent. The present slopes range from 25 to 39 per cent in downgrade.

Elected officers at the annual meeting were Murray W. Thurston, president; Howard W. Cole, vice president; Wilbur Myers, treasurer, and Guy P. Butler, member from the executive committee.

Members of the board of directors elected include Avery Angvine, Vance Richardson, Kimball Ames, Herbert Morton, Addison Saunders, Richard Bryant, John Trinward, Guy Butler, Howard Cole, Paul Bailey, Wilbur Myers, Roger Luce, Edmund Vaehon, Stanley Davis, Milton Mills, Paul Bodwell and Bernard Marcus.

BAND REHEARSALS TO START TUESDAY

Band rehearsals are scheduled to start Tuesday, July 2, at 7 p. m., at the Crescent Park School. All interested musicians are asked to attend.

Mr. and Mrs. Colwyn Haskell and children, Jamie and Kathie, were guests last week end of her parents, Mr. and Mrs. David Klain, at their cottage on Lake Pennesseewassee, Norway.

Because of Independence Day, July 4, next Thursday, the CITIZEN will be published Wednesday afternoon. Copy for news and advertising must be in the office a day earlier than usual.

Legislature Votes 4% Sales Tax—Effective July 1st

As a result of action of the Maine Legislature there have been several amendments to the Sales Tax Law. All but one will be effective ninety days after adjournment of the Legislature and will be explained at a later date by the Bureau of Taxation. The amendment increasing the rate of the Sales Tax from 3% to 4% is effective July 1.

On and after July 1, 1963, a 4% tax must be collected by all persons selling tangible personal property to consumers in Maine and upon the rental charged for living quarters in hotels, rooming houses, tourist or trailer camps. A 4% Use Tax will also apply to all such property purchased outside the state on and after July 1, for use within the state.

Sales made after June 30, pursuant to contracts entered into before that date, will be subject to the 4% tax.

Effective July 1, the bracket schedule found in the Sales and Use Tax Law will permit retailers to add the equivalent of the tax on individual sales beginning at 11 cents, rather than 15 cents as at present. The new tax bracket schedule will be:

Amount of Sale Price	Amount of Tax
\$.01 to .10 inclusive	0 cents
.11 to .25 inclusive	1 cent
.26 to .50 inclusive	2 cents
.51 to .75 inclusive	3 cents
.76 to .99 inclusive	4 cents

For sales of \$1.00 or more the tax shall be 4 cents for each whole dollar plus the amount above indicated for fractional parts of a dollar.

When several items are purchased at the same time, the amount to be added in accordance with this bracket schedule will be computed on the total sale price of the several items.

Mrs. Clara Smart, Rye Center, N. H., has been visiting Mr. and Mrs. Roger Foster for two weeks. She has now gone to Bangor to visit relatives.

SULO TANI JOINS OLD TOWN FIRM

Joseph Sewall, president of the James W. Sewall Company of Old Town, announced last week that Sulo J. Tani, former Director of Research and Planning for the Department of Economic Development, has joined the Sewall firm as Director of the Department of Research, Planning and Urban Renewal.

Tani will establish a branch office for the firm in East Winthrop so as to better serve the many company clients in central and southern Maine and in New Hampshire.

The James W. Sewall Company offers a wide variety of professional services in engineering, forestry, forest management, geology investigations, aerial mapping, photogrammetry as well as in municipal and regional planning and urban renewal. With the projected rapid expansion of state parks and other large public recreation areas in the northeast, the firm expects to contribute to the planning of many of these large projects.

Mr. Tani came to Maine from New Hampshire in 1955 as Director of the newly organized division of Research and Planning of the State De-

partment of Industry and Commerce, now the DED, under the late Carl Broggi.

Prior to coming here, Tani served as director of Planning for the New Hampshire Planning and Development Commission. For two years he held the post of Acting Executive Director in New Hampshire.

Tani was author or co-author of many studies in New Hampshire. One notable work, the first of its kind, was a long range physical and fiscal plan for development of public recreation areas in New Hampshire. This study served as the blueprint for the rapid post World War II expansion of state parks and recreation areas in the state.

Tani has been a member of many state, New England, and national groups. He has been a visiting lecturer on state planning at Dartmouth College, the University of New Hampshire, and the University of Maine.

FULLER ABOARD POLARIS SUB USS THOMAS EDISON ON ATLANTIC PATROL

Stanley H. Fuller, sonoran third class, USN, son of Mr. and Mrs. Harold W. Fuller of Bethel, is serving aboard the Polaris fleet ballistic missile firing submarine USS Thomas A. Edison, currently operating in the Atlantic.

The present assignment marks her third patrol.

While in port, the submarine remains in constant readiness to launch her 16 nuclear-tipped Polaris missiles if need arises. By remaining submerged throughout her patrol period the Edison is as nearly invulnerable to possible enemy counter-measures as a modern weapons system can be. She is capable of launching missiles while submerged.

Because of the nuclear powered submarine's long endurance, the Navy has adopted a two-crew concept for manning fleet ballistic missile submarines. When the Edison returns to the submarine tender at Holy Loch Scotland, in a few months, the entire crew will be flown back to their homeport at New London, Conn., and a completely new crew will take the submarine on another 60-day patrol.

The Edison was commissioned March 10, 1962. At present, there are 11 Polaris submarines in commission and the Navy

Our five-digit ZIP Code is 04293, Postmaster LeRoy W. Olson has announced.

"Everyone in Wilson's Mills, except those who are receiving their mail through the Errol, N. H., post office, will use this ZIP Code on all their correspondence to speed mail deliveries and reduce the chance of mis-sent mail," Postmaster Olson said.

ZIP Code, the Post Office Department's revolutionary new system of improved mail dispatch and delivery, goes into effect nationally on July 1.

Postmaster Olson stressed the importance of all citizens of Wilson's Mills learning this town's ZIP Code and using it in their return addresses on all correspondence. In answering

mail, he said, ZIP Codes taken from return addresses on incoming mail should be used.

"The ZIP Code is literally the last word in mail addressing," Mr. Olson said. "It should follow the city and state in addresses."

The new ZIP Code plan will permit the Post Office Department to short-cut repeated address reading.

NOTE OF THANKS

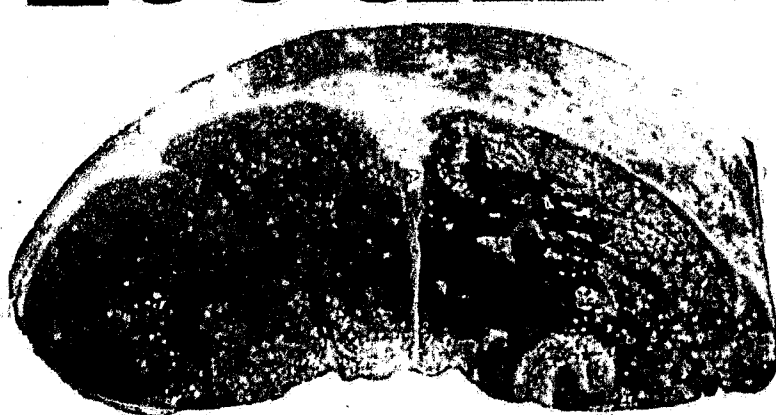

We wish to express our deep appreciation to our many friends in the Bethel Methodist Church and in the community for their generous gift to us. Thank you for making our ministry in Bethel so memorable and meaningful.

TIDY 'COON

MEET "TIDY"—This is "Tidy 'Coon," newly created cartoon character who will become a symbol of cleanliness and tidiness throughout Maine in the anti-litter effort of the Governor's Committee To Keep Maine Scenic. The animal caricature, created by Sid Maxwell of

Portland, a member of the National Cartoonists Society, will be made available to communities, organizations and industries throughout the state for use on litter bags and barrels, signs and posters, and other materials carrying litter prevention messages.

COUNTRY FLAVOR

DUSK ON THE MOUNTAINS

Where's a man's roots are established determines the blossoms of the heart. Ocean-edge dwellers respond to the awesome majesty of the sea; the prairie man feels kinship with the vast stretches that reach to the horizon. And the man who has looked to the hills since boyhood, lifts his eyes to the heights and finds assurance.

When day is done and the purple-grey shadows slide down to the valleys, the dusk colors on the mountains paint poignant canvas for a fleeting interlude before Night's curtain falls.

When the gold-red sun drops behind the dark rim, the glowing halo in the sky is a picture of blues and purples, greens and dark greys. For a few minutes, the dark hues dominate. Then, strangely, there comes a brief interlude when the colors lighten; for a few minutes one sees a canvas of light blues and thin purples; there are shadowy shades of gold and saffron, and

sometimes if atmospheric conditions are favorable, there is a beautiful tinge of soft pink and light rose.

In a few minutes one can see another picture as the canvas changes. The light colors fade and a gray darkness covers the hills and deepens the gathering shadows in the valley. Minute by minute the grayness thickens and then dusk changes to darkness.

From the pasture across the road, a whippoorwill throws his clear call to the oncoming night; chimney swallows' twittering in the house chimney dies down; there is the last sleepy call of a robin from the old orchard behind the barn.

Suddenly one realizes the mountains have disappeared; another time of darkness has come to our portion of the Earth and the stars break through the black velvet curtain. Sometimes one feels there are few certainties along the trail, but a man knows the mountains are always there, steadfast and serene.

20 SECONDS with the NAZARENE

A suicide in England left this note: "Many explanations will be given of this act, but I think it is this: I see that it is the result of a private war going on inside myself, and which cannot be solved."—How needless! For Christ has invited all to "Come unto me . . . and you shall find rest unto your souls."

Biggest "savings book" in the world

Keeping the Free World free is a mighty expensive proposition.

And our enemies are doing everything they can to make it so. They've said they expect to "bury us" economically.

They see us as soft, self-satisfied, lazy. They don't think we're prepared to make any sacrifices for freedom. But there's a "special book" in the U. S. Treasury Department that says they're as wrong about that as they are about a lot of other things.

It's a symbolic "freedom book" which shows that tens of millions of American families have invested 46 billions of dollars in their country in the form of U. S. Savings Bonds. Dollars the government uses to keep our economy strong. To help keep the Free World free.

This is one way you can meet the challenge to Americans. And there's no need to feel funny about collecting good interest on Savings Bonds. The financial strength of your family is part of the strength of the nation.

So help yourself as you help your country, by regular purchase of U. S. Savings Bonds . . . through the Payroll Savings Plan where you work, or from any bank.

Quick facts about U.S. Savings Bonds

- You get \$4 for every \$3 at maturity
- Your Bonds are replaced free if lost, stolen or destroyed.
- You can get your money anytime
- You can save automatically on Payroll Savings

Keep freedom in your future with U.S. SAVINGS BONDS

MESC TO CO-SPONSOR OIL BURNER SCHOOLS

An eight-week course to train 30 men in the techniques of oil burner installation and maintenance will be conducted simultaneously at the Maine Vocational Training Institute, South Portland, and the Northeastern Maine Training Institute, Presque Isle, starting July 8.

All 14 State Employment Offices are now accepting applications for the program made possible under provisions of the Manpower Development and Training Act. Fifteen trainees will be enrolled at each school.

The program, administered jointly in Maine by the Employment Security Commission and the Department of Education, is another pre-employment training course leading to job opportunities in many parts of the state. It has the endorsement and support of the Maine Oil and Heating Equipment Dealers Association, and selected trainees successfully completing the course will be employed by association members.

A Federal appropriation of \$22,000, which includes instruction costs and trainee allowances, has been approved for this MDTA project.

SCD SUPERVISORS OFFER NEW SERVICE TO LAND OWNERS

Lerone Damone, South Paris, supervisor of the Oxford County Soil Conservation District recently announced a new service available to cooperators of the conservation district.

Damon states that from now on cooperators of the district will be able to obtain engineering assistance through the Soil Conservation Service in constructing large ponds or water impoundments. This assistance will be directed to cases where private engineering assistance is not available.

Heretofore the supervisors has assisted individual landowners in constructing the small type farm ponds of one quarter acre or less for stock water, irrigation or for growing fish and assisting towns in sponsoring watershed projects. Watershed projects such as the Nezinscot River watershed project may embrace large man-made lakes, such as the proposed Jersey Bog Project which covers nearly 1000 acres.

The new service announced by Mr. Damon fills the gap between the small farm pond and the total watershed project. Water impoundment in this area would include man-made ponds of medium range from one to perhaps one hundred acres or more. This new service is provided to keep abreast of the increasing demands for recreational facilities such as bathing, camp sites and picnic areas.

The engineering assistance will be furnished by the Soil Conservation Service which is the technical arm of the U. S. Department of Agriculture. The assistance provided in construction of large ponds includes planning and designing of the

MEUX - KENISTON

Mrs. Carl Joseph Meaux

Miss Liona Rae Keniston, daughter of Mr. and Mrs. Earlon Keniston of Bethel, became the bride of Carl Joseph Meaux, son of Mr. and Mrs. Lawrence E. Meaux of Eunice, La., Saturday morning, June 15, in Sacred Heart Church, Portland.

Both the bride and groom have been residents of Portland.

The bride wore a gown of satin and nylon tulle with a chantilly lace bodice. A princess crown held her illusion veil and roses centered with a white orchid combined in her cascade bouquet.

Miss Marie Doucette, maid of honor, wore shrimp colored silk organza. The bridesmaids, wearing turquoise, were the Misses Anita Parker, Judith Lapham of Bethel, cousin of the bride, and Shirley Ordway.

Daniel Lee, of Cape Elizabeth, was best man. Richard Gilman and Bruce Bickford ushered.

David Anders, of Gorham, cousin of the bride, was ring bearer, and Mrs. Jennie Stone, of South Paris, soloist.

A wedding breakfast was held in the Knights of Columbus Hall in South Portland. The Misses Dorothy Kimball, Bethel, Susan Mahan of Boston, and Susan Gammon, had charge of the gifts. Miss Janice Lynch of Gray circulated the guest book. Following a wedding trip to New Hampshire, Mr. Meaux and his bride will make their home at 66 Sherman St., Portland.

The bride attended Gould Academy and Portland Business College and is a secretary for

impounding dam, layout of the dam and supervision of construction to the extent that specifications of the design are met.

Interested landowners may obtain more detailed information on large pond construction by calling the District Office in South Paris.

Now that the rules on expense account deductions have tightened, maybe we can get back to entertaining each other just for the fun of it—Changing Times.

CASEY - DeMONTE

St. Athanasius Church, Rumford, was the scene June 8th, of a lovely wedding when Miss Claudia Roderick DeMonte, daughter of Mrs. Edna Curtis of Bethel became the bride of Eugene Rosemond Casey, son of Mrs. Rosemond Casey of Bridge Street, Mexico, and the late Mr. Casey. Rev. Edward F. Lynch performed the double ring ceremony.

For the wedding the bride wore a white ballerina-length gown of nylon sheer and Ban-lon lace. She carried a bouquet of white carnations and red roses.

Miss Kay McMillin, aunt of the bride, attended as matron of honor, and Raymond Casey, attended his brother as best man. Alan Curtis, brother of the bride, and Howard Casey, brother of the groom served as ushers. Miss McMillin was gownned in a cocktail length gown of pale pink organza and wore a pillbox hat to match and carried a colonial bouquet of pink and white carnations.

After the ceremony a reception was held at Bridge Street, Mexico. The guest book was circulated by Mrs. Jimmie E. Wolfe, sister of the groom.

For her wedding trip to the coast Mrs. Casey chose a green linen ensemble.

Mrs. Casey was guest of honor at a pre-nuptial party held at the K. of C. Hall in Mexico where there were fifty relatives and friends in attendance.

The bride was graduated from Gould Academy and during her senior year was elected as carnival queen. She attended the University of Maine and is currently attending Pelletier's Beauty Culture School, Lewiston. Mr. Casey graduated from Mexico High School and is employed at Oxford Paper Company, Rumford.

The couple will be at home at their apartment, 7 Bridge Street, Mexico.

PRACTICE SAFETY

SAY STATE POLICE

"Practice safety with your children."

This was the advice given to Maine parents by the State Police. They proposed that parents make safe practices a habit in the home, and more particularly, in traffic, pointing out that a parent who makes it a point to obey safe walking rules is setting an example the child cannot fail to observe.

The police also urged parents not to fear to use stern disciplinary measures, if such action is necessary to correct careless traffic behavior.

"Your firmness may be the means of saving your child's life," they emphasized.

The enforcement group listed five practices for parents to put into effect with their youngsters:

1. Practice and talk safety at home and in traffic until safety becomes second nature with the child.
2. Absolutely forbid playing in unsafe places.
3. Support the schools and the police in their efforts to promote child safety.
4. Be firm, even though it may be painful to do so. The easy-going parent may someday be responsible or an accident to a child.
5. Never permit youngsters to use roller skates, coaster wagons, or bicycles without supervision, until they have clearly demonstrated their ability to use such articles carefully and safely.

CORNERSTONE LAYING SCHEDULED FOR WING OF RUMFORD HOSPITAL

Cornerstone laying ceremonies for the new wing of the Rumford Community Hospital have been scheduled for Saturday, July 13, at 3 p. m., a year and 17 days after ground was broken for the \$1,300,000 structure. Hospital officials are inviting residents of the area served by the hospital to attend the ceremonies, and special invitations will be sent to major contributors to the hospital building fund, town officials, members of the medical profession and press and broadcasting people. Hospital administrator Herbert L. Burger, chairman of the Hospital Auxiliary Mrs. Bernhard Mayer and members of the board of directors are arranging a brief program to mark the cornerstone laying.

Ground was broken at the site of the new wing June 25, 1962 and the modern three-story addition is expected to be ready for use this fall. Architectural an engineering work was done by James H. Ritchie and Associates and construction is being handled by Consolidated Constructors Inc.

The new wing is designed to house x-ray, surgical and emergency departments with beds for 71 patients. With the Utilization of some beds in the present hospital, total capacity will be 84 beds when the new wing opens. Present rated capacity is 54 beds, which has been increased to as much as 66 under emergency conditions.

Roughly two-thirds of the money for the new addition was raised in an intensive local subscription campaign in November, 1961, and about one-third from federal Hill-Barton funds through the Maine Department of Health and Welfare. Of the

\$707,303 pledged during the local campaign, corporate donors accounted for \$263,910; \$195,763 was pledged through the Memorial Committee; Hospital Employees Committee, \$5,086; Doctors Committee, \$34,690; Hospital Auxiliary, \$30,000; and public contributions, \$207,853. Hospital president and fund drive chairman Charles L. Ferguson points out that construction has now reached the stage of heaviest expenditures and urges all who have not fulfilled their pledges to do so before the August 1, 1963, pledge expiration date.

Dedication exercises and an open house day are being planned for next fall just before the new wing becomes operational.

DED CIRCULAR WA OF ECLIPSE WATC

The Maine Department of Economic Development is distributing 100,000 sheet bulletins, the Maine containing both sun and sketches of the projection devices which used instead of direct at the sun.

On the recommendation of Dr. Dean Fisher, Maine Commissioner of Health, the D. B. D. quotes the flat warning National Society for the prevention of Blindness that is no safe way to look at the eclipse.

Industry and other sources, however, have the opinion that two fully-exposed and overexposed black and white film sufficient filters harmful rays, if not more than five seconds at a viewing the partial of the eclipse.

During the one-minute, seen only in a miles wide through of Maine, DED's Technical Committee of 12 artists states that the sun and the surrounding in the heavens can be seen out harm by, naked-eye. The only danger that people will persisting at the sun with the eye both too soon and the one-minute of totality.
